

KARAMSETTY MEGHANJANI

karamsettymeghanjani@gmail.com — meghanjani — Nellore, Andhra Pradesh, 524002

CAREER OBJECTIVE

Highly motivated Electronics and Communication Engineering undergraduate with strong foundations in Data Structures, Algorithms, Software Development, and Machine Learning basics. Skilled in Java, Python, SQL, and IoT-based system development. Seeking a Software / AI Internship to apply problem-solving, programming, and analytical skills in building efficient, real-world solutions.

EDUCATION

Narayana Engineering College(Nellore, Andhra Pradesh) B.Tech (Oct 2022 – May 2026)
CGPA: 9.3 / 10
Electronics And Communication

Narayana Junior College (Nellore, Andhra Pradesh) Intermediate (2020 – 2022)
Percentage :9.51

Sri Saradha E.M High School (Nellore, Andhra Pradesh) SSC (2019 – 2020)
CGPA:9.8/10

SKILLS

- **Languages:** C, Python, Java
- **Data Structures Algorithms:** Lists, Linked Lists, Stacks, Queues, Strings, Dictionaries, Sets, Tuples, sorting.
- **Web Technologies:** HTML, CSS
- **Tools:** AI Tools, VS Code
- **Databases:** MySQL
- **Soft Skills:** Communication, Problem Solving

PROJECTS

- **IOT ML-Based Smart Water Quality Monitoring System:** Developed a real-time IoT water quality monitoring system using Arduino, sensors (pH, turbidity, TDS, temperature) and Python Machine Learning (Decision Tree Classifier) to automatically classify water as safe or unsafe. This system provides early detection of contamination and promotes public health and sustainability.
- **Automatic Plant Watering System:** Designed an IoT-based irrigation system using soil moisture sensors and automated pumps to enable real-time monitoring and threshold-based control. The system reduced water wastage and improved efficiency and sustainability in small-scale agriculture.

INTERNSHIPS

- **Data Analytics**, Udemy(Virtual) May 2025 – July 2025
Learned data cleaning, analysis, and visualization using Python Excel
Performed exploratory data analysis (EDA) on real datasets
- **Python Programming Intern**,Nellore(Remote) June 2025 – July 2025
Completed a 4-week internship focused on Python concepts and application development.
Strengthened coding, debugging, and logical problem-solving skills through practical projects.

CERTIFICATIONS

- Power BI Workshop – Skill Nation January 2024
- Certified in Data Structures and Python from GreeksforGreeks February 2025
